ZEPPELIN RAID EXACTS HEAVY TOLL OF LIFE

28 British Killed in London and Two Aircraft Destroyed by Fire

ARMADA OF AIRSHIPS MEETS WITH WARM SALUTE OF SHRAPNEL FIRE THAT THRILLS ENGLISH CAPITAL

(By Associated Press.)
LONDON, Sept. 25.—Of the 12 big Zeppelins which invaded the British Isles last night to deal death and destruction from the skies, two today lay stark and black masses of steel and aluminum in the little village of Mangold, Essex county.

One came down a flaming torch, while the second, disabled by gun fire, effected a landing, which saved the lives of the crew, who are now prisoners in England. The crew of the first raider died in the consuming flames of their own ship.

The death and burning of the first Zeppelin was witnessed by tens of thousands of London residents, but the wounding and descent of the second raider was a matter of doubt until today's official statements were given out. Few details are available

of this second raider's condition, but is reliably reported that the crew surrendered to special constables.

Many who saw the shrapnel bursting like sky rockets about the invader, which subsequently caught fire, think there must have been several direct hits. Many aeroplanes were aloft and attacked the Zeppelins from all sides.

The raiders took a heavy toll of lives before their destruction. 28 persons being killed and 99 wounded in the metropolitan district of London. Two persons were killed, probably four, and 17 were wounded, in the provinces.

The property damage, while widely distributed, is confined for the most part to small suburban dwellings and shops, although one railway station

was damaged, some empty cars being destroyed, and part of the tracks torn up.

The roar of dropping bombs was heard in many districts where the raiders were invisible. It is not believed that more than two or three invading Zeppelins, which crossed the east coast, succeeded in reaching the environs of London, and that two of these paid the death penalty gives the greatest satisfaction to the military authorities. Apart from the loss in material, the casualties of the last two raids, it is believed, will have a depressing effect on the morale of the Zeppelin crews in the future.

The fact that the airships brought down wall outside of London, both last night and September 3, shows

WILSON SWITCHES TO SUPPORT OF TARIFF

(By Associated Press.)
BALTIMORE, Sept. 25.—The president, in speaking before the Grain Dealers' convention, upheld the tariff policy. He defended the federal reserve act and shipping bill, and declared if business is properly conducted America has an unexcelled future before it.

"We want Americans to seek; not to exclude, but to excel," he said, in discussing American trade. He spoke

in support of the tariff commission created by the last Congress. On the tariff he said he had no fear to say that previous tariff laws have been founded on theories. We do not fear investigation of the facts by the tariff commission. "I will look for the facts, no matter whom it hurts," he said. He said he wanted the federal trade commission to make a thorough investigation of American business.

MUST HONOR FLAG TO SAVE THE NATION

Chas. E. Hughes Addresses Ohio Civil War Veterans With Appeal to Patriotism

(By Associated Press.)
DAYTON, Ohio, Sept. 25.—"The United States will not endure unless each generation stands firmly for the dignity of American citizenship and honor for the flag," Hughes told an audience of civil war veterans today. "You veterans aided in preserving the Union at a critical time, but is very true in the same sense that every generation must preserve the Union. We are still a very young country, as

compared with empires of the past that have fallen into decay. We can not be preserved alone by the valor of our ancestors or by those of an earlier day, but we can be preserved if we keep alive their spirits. "The Republican party has been the party of national honor. In international relations and under Reconstruction administration the dignity and prestige of the United States has been highest."

PERSONAL LIBERTY IS NO ARGUMENT

This is the first time in eight years that a bishop of the Catholic church has been in Tonopah, and it is hoped to make the visit an event in the history of the church. (By Associated Press.)
NEW YORK, Sept. 25.—Unless the other teams in the National and American leagues show unexpected strength, Brooklyn and Boston will complete in the 1916 world's series, although pennants are by no means clinched.

Of the two league leaders, Boston made the best showing during the week. Boston ousted Detroit from first place and ended the week 28 points ahead of Jennings' men. Although Chicago moved into second place, it was 24 points behind Boston after Saturday's game. Boston won every one of the seven games it played.
